CAYENNE® MODEL SS-4 WARMERS

Cayenne® Model SS-4 Warmer

DESCRIPTION

Cayenne® Model SS-4 Warmers are ideal for ice cream toppings and nacho cheese sauce. Model 72430 includes an inset and hinged cover.

PERFORMANCE CRITERIA

Cayenne® Model SS-4 Warmers are designed to hold heated prepared foods at temperatures above the HACCP “danger zone” of 140° F (60° C). The performance standard is measured using the NSF mixture preheated to 165° F (73.9° C). The unit will hold the temperature of this product above 150° F (65.6° C). The temperature will be maintained best when the food product is held using pans with covers, the proper water level is maintained in the well, and the food product is stirred regularly.

MODELS

72425 Warmer Only (US/Canada)

72430 Warmer Package (US/Canada)

FEATURES

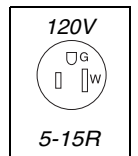

- Coated aluminum wells
- Holds 4 1/8 qt. (3.9L) insets
- Holds No. 10 cans
- Front access dials for easy temperature setting and maintaining accuracy
- Capillary tube thermostat control supplies constant temperature and power only when needed for maximum power efficiency
- Stainless steel exterior meets UL surface temperature standards for operator and customer safety and concentrates heat inside the well, not to the outside surface and rim
- Meets NSF4 Performance Standards for rethermalization and hot food holding equipment
- Non-skid feet help keep unit from sliding on countertop
- Bottom exit 6 ft. (183 cm) power cord adapts to receptacle location for safe installation and allows for 360° control placement

WARRANTY: All models shown come with Vollrath’s standard warranty against defects in materials and workmanship. For full warranty details, please refer to the Vollrath Equipment and Smallwares Catalog.
