## FOR THE THICKEST BLENDS

The Twister Jar feature all of these unique Blendtec advantages:

- Extra-strong, patented single-prong tuned wingtip blade
- Easy-to-read jar markings up to 16 fl oz
- Made from impact-resistant, BPA-free copolyester
- Compatible with all Blendtec commercial blenders

The Twister Jar is ideal for:

- Bread & cookie crumbs
- Nut butters
- Hummus
- Baby Food
- Single-serve smoothies

## PERFECT ADDITION

To use the jar, simply add ingredients and twist the lid counter-clockwise while the blend cycle is running. This twisting motion forces the ingredients from the sides of the jar back into the blade, allowing you to achieve a perfect blend every time.

Also included is the Spectacula™ spatula—engineered specifically for the Twister. We made this spatula just the right length and shape so you can get nearly every morsel out of your jar.
